

2 hours Continuing Education for Controlled Substance Prescribing with Tennessee Chronic Pain Guidelines

APRN's who are holders of a Certificate of Fitness must have documentation of a minimum of (2) contact hours of continuing education designed specifically to address controlled substance prescribing practices. The continuing education must include instruction in the Tennessee Department of Health's treatment guidelines on opioids, benzodiazepines, barbiturates and carisoprodol, and may include such other topics as medication addiction or risk management tools. See *APRN Rule 1000-04-.05*: <http://publications.tnsosfiles.com/rules/1000/1000-04.20150622.pdf>
